Official Guide to

# OET®

the experts at Kaplan Test Prep

## EXCELLENCE IS OUR MOTTO

OET, Occupational English Test, is an internationally recognized exam created especially for healthcare professionals. Recognized by immigration departments, healthcare boards and councils, and leading education institutions, OET is accepted as proof of English proficiency for health practitioners seeking to work and study in an English-speaking environment

### OET Preparation

- Helps you improve your English skills.
- Prepares you to achieve a high score on the OET exam.
- Gives you a better understanding of the exam format.
- Makes you feel more confident when sitting the exam.

### Course Components

1. The course book has been created to help the OET applicants achieve the highest possible score in the OET.
2. Each part includes easy-to-learn strategies and relevant test-taking tips.
3. There is a weekly study planner, access to listening tracks, sample writing tasks and lots of exercises in all four areas of the language.
4. It also has a full-length practice test with writing and speaking specific to the nursing and medicine healthcare professions.

#### The Enrollment requirements

- The Pearson Placement test held at Al Dar Academy determines the course taker's English proficiency and if they can score A2+, then they are qualified to enroll on the OET course.
- Following the placement result, an interview with one of our expert consultants will be conducted to determine the appropriate and precise level of the English language required for the course participants.

#### Course Duration

- The course is delivered in 30 hours within 5 weeks.

#### Course Objectives

- To refine your English language skills for healthcare and medical purposes as preparing for the exam.
- To focus on improving your skills in each area of reading, writing, listening and speaking particularly in a medical-related environment.
- To increase your knowledge of grammar, vocabulary and pronunciation related to Medical field.
- To help you learn about the exam from qualified experts.
